PROFESSIONAL SUMMARY

Computer Science graduate with a peer-reviewed publication in machine learning and hands-on professional experience teaching software development. Through teaching and developing practical programming examples, I have continued to deepen my own software development skills. Experienced across C#, Java, Python, C++, SQL, web development, data structures and algorithms, AI and machine learning.

TECHNICAL SKILLS:

- **Languages:** C#, C++, Java, Python, SQL, HTML, CSS
- **Frameworks & Libraries:** .NET, ASP.NET Core, Entity Framework Core, Scikit-learn, Pandas, NumPy
- **Software Development:** OOP, Web Development, REST API Development, Data Structures & Algorithms, Debugging
- **Data & AI:** SQL Server, Database Management, Machine Learning, Artificial Intelligence, Data Analysis, Power BI
- **Tools:** Visual Studio, IntelliJ IDEA, Git, GitHub, GitHub Actions, SSMS, Google Colab, Eclipse, CLion, JGrasp, Wing, Notepad++

WORK EXPERIENCE

Lecturer (Independent Contractor)

July, 2026- Present

Emeris, Pietermaritzburg, South Africa

- Deliver second-year programming and software development lectures, covering C#, ASP.NET Core, REST APIs, Entity Framework Core and software architecture.
- Design and develop practical learning materials and programming activities aligned with industry-relevant development practices.
- Guide and assess programming projects and provide technical feedback on students' code, architecture and implementation.
- Continuously strengthened and broadened my own software development skills through teaching, researching and implementing advanced programming concepts in practical demonstrations and projects.

Programming Demonstrator (Part-time), Feb 2024- Oct 2024 | Aug 2025- Oct 2025

University of KwaZulu-Natal, Pietermaritzburg, South Africa

- Tutored first-year and second year students in mastering Python, Java and Data Structures & algorithms during practical lab sessions.
- Guided and supported 100+ students with debugging, algorithm implementation and software design through structured sessions and one-on-one help

EDUCATION

BSc Honours (Computer Science)

Mar 2025 – Graduation Date: 14th May

University of KwaZulu-Natal, Pietermaritzburg, South Africa

2026

Earned 4 Certificates of Merit

BSc Computer Science and Information Technology,

Mar 2022 – Graduation Date: 15th May

2025

University of KwaZulu-Natal, Pietermaritzburg, South Africa

National Senior Certificate

2016 – 2020

Raisethorpe Secondary School, Pietermaritzburg, South Africa

Achieved 4 distinctions with an A Aggregate pass

STRENGTHS AND ACHIEVEMENTS

- Peer-reviewed journal publication in *Computers (MDPI)*, 2026.
 - Mentored and supported 100+ students in programming modules.
 - Earned 4 Certificates of Merit during BSc Honours studies.
 - Problem-solving ability
 - Strong programming fundamentals
 - Willingness to learn & adapt
 - Communication, leadership and teamwork
 - Time Management skills
 - Analytical Skills
-

PUBLICATIONS

- **Machine Learning-Based Mobile Traffic Classification for QoS-Oriented Network Management"** in *Computers (MDPI)*, Volume 15, Issue 7, Article 445 (2026). Peer reviewed
 - Initially accepted by the **Indonesian Journal of Computer Science (IJCS)** before being subsequently published in **Computers (MDPI)**.
-
