PROFESSIONAL SUMMARY

Computer Science graduate with a BSc in Computer Science and Information Technology and a BSc Honours in Computer Science. Possess strong foundations in Python, Java, C++, SQL, data structures, algorithms, artificial intelligence, machine learning, and software development. Experienced as a Programming Demonstrator, supporting undergraduate students in programming and problem-solving while developing strong communication and mentoring skills. Passionate about teaching, academic development, and helping students build confidence in computing concepts and practical programming.

WORK EXPERIENCE

Programming Demonstrator (Part-time), Feb 2024- Oct 2024 | Aug 2025- Oct 2025
University of KwaZulu-Natal, Pietermaritzburg, South Africa

- Tutored first-year and second year students in mastering Python, Java and Data Structures during practical lab sessions.
- Guided students through debugging, code design and algorithm implementation.
- Delivered structured lab sessions improving programming comprehension and performance.
- Provided individual academic support to strengthen foundational coding skills.

EDUCATION

BSc Honours (Computer Science)

Mar 2025 – Graduation Date: 14th May

University of KwaZulu-Natal, Pietermaritzburg, South Africa

2026

Earned 4 Certificates of Merit

BSc Computer Science and Information Technology,

Mar 2022 – Graduation Date: 15th May

2025

University of KwaZulu-Natal, Pietermaritzburg, South Africa

National Senior Certificate

2016 – 2020

Raisethorpe Secondary School, Pietermaritzburg, South Africa

Achieved 4 distinctions with an A Aggregate pass

TECHNICAL SKILLS:

- Programming Languages: HTML, CSS, Python, Java, C++, SQL, C#
- Frameworks and Tools: Wing, Notepad++, JGrasp, Eclipse, Clion, SQLSMS19, Visual Studio, Google Colab, IntelliJ IDEA, ASP.NET, PowerBI, Scikit-Learn, Pandas, NumPy
- Core Competencies: OOP, Web Development, Data Structures and Algorithms, Database Management, Problem Solving, Team Collaboration, Debugging, AI, ML Basics

STRENGTHS AND ACHIEVEMENTS

- Research paper accepted for publication in the Indonesian Journal of Computer Science. Available online on: Preprints.org.
- Successfully mentored and supported over 100+ students in programming modules.
- Developed multiple real-world academic software systems and ML models.
- Problem-solving ability
- Basic programming fundamentals
- Willingness to learn & adapt
- Communication and teamwork
